

After 20 years it is with much regret that we have to announce that the Banbury clinic will no longer be open. With the cost of PPE and running costs of the clinic we can no longer sustain two sites safely. We will continue to practice in our clinic in Chipping Norton and are happy to see our Banbury patients there.

This is not a decision we have taken lightly and we apologise to those patients who will not be able to transfer over to Chipping Norton. We also apologise for not being able to speak to every patient individually. We will miss our patients and our colleagues in Banbury very much and we wish you all good foot health.

The clinic number for Banbury will no longer exist from the 1st September but you can still contact us on 01608 438038 to book an appointment.

Kindest Regards

Claire and Daniel Houlton
